

Bicycles

Kemerli bicycle rental offers you bikes with different types of frames, in a range of height from 16 to 22 inches for adults as well as bicycles suited for teenagers and kids.

All our bicycles have got front suspension, what makes the ride in forests and gravel roads enjoyably comfortable. Besides all bikes are equipped with a safety wire at no extra cost.

Some bikes are equipped with seats with additional suspension and with rear racks. Also with no extra cost.

Accessories

All our bicycles can be fit with safe and durable **kid's seat** which comes with **kid's helmet** allowing you to take your kid with you for the ride. You can use the kid's seat also without renting a bicycle if you have your own.

For additional safety we offer **helmets for adults** as well.
